Subject:	FERC - schedule impact of Swing Space Design delay
Date:	Wednesday, January 13, 2016 8:22:38 AM

Josh - Danny has informed me that if FREC funding is available and we can re-start the swing space design this month (January, 2016), the swing space will be ready for occupancy mid-September 2016., and the HQ construction will be complete by May 2019.
